Narrative: Describe the present and historic physical appearance of the property.

If necessary use continuation sheets.

---

## Area of significance

### Applicable Designation Criteria

- (a) Is associated in a significant way with, a historic event that had a significant effect upon national, state, or local history; or
- (b) Is associated in a significant way with the lives of persons important in national, State or local history; or
- (c) Embodies the distinctive architectural characteristics of type, period, style, or method of design or construction and is one of only a few examples of its typology in the City or Eastside region or is a contributing feature of a historic district; or
- (d) It represents a notable work of a builder, designer, or architect who has made a substantial contribution to their field; or
- (e) Has other historic significance.

### Statement of Significance.

Note: It is suggested that you include the following types of information in narrative to support that the designation criteria are met:

- Period of significance
- Significant Dates that are related to property
- Architect/Builder if applicable
- Significant Person/s if applicable
- Cultural Affiliations

If necessary use continuation sheets.
